

GOVERNOR'S AWARD

The Governor's Award of the Arizona Chapter of the National Academy Television Arts and Sciences is given in recognition of unique or cumulative achievements by individuals, companies, or organizations having significant impact on the community. These do not fall within the bounds of the **Program** and **Individual Craft Achievement** consideration for the Annual Rocky Mountain Emmy Awards.

The Board of Governors selects the recipient(s), if any. Regional Broadcasters may nominate individuals, companies, and/or organizations which they consider merit this, the highest award of the Chapter. **Nominations must be submitted in writing to the Board of Governors by August 22, 2007 for consideration.**

The Board of Governors will discuss the nominations and vote in a preliminary secret ballot to determine by majority vote the nominations to be considered for the award. The Board of Governors then votes a second secret ballot to select the recipient(s), if any, of the Governor's Award. A favorable vote of five-sixths of the members of the Board of Governors is required for an award to be given.

The Governor's Award is in the form of an Emmy statuette.
